

Chapter 7

Health

7 Health

In Japan, there are health insurance systems that help to reduce the cost of medical care. Foreign nationals living in Japan for more than three months are required to join one of the following insurance systems:

- Employees' Health Insurance (generally covers individuals who are employed by a company)
- National Health Insurance (covers individuals who are not eligible to join employees' health insurance) In addition, insurance is provided by mutual aid associations to those who work for public schools or the government.

Most international students are required to enroll in National Health Insurance unless they are covered by the Employees' Health Insurance of a family member who lives and works in Japan.

7-1 National Health Insurance (NHI or *Kokuho*)

国民健康保険

(*Kokumin Kenko Hoken*)

National Health Insurance

National Health Insurance (NHI)—*kokumin kenko hoken*, often abbreviated as *Kokuho* in Japanese—is a health insurance system in Japan that allows the insured to receive medical care without financial concern when ill or injured by splitting the medical care expenses between the local or national government and the insured.

With NHI, approximately 70% of your medical expenses will be covered when you receive treatment at hospitals or clinics that are NHI medical service providers (most hospitals in Japan accept NHI). You pay the remaining 30% of the costs.

Please note that National Health Insurance does not cover expenses for cosmetic surgery, orthodontics, or normal childbirth.

Please refer
to **3-2** for
**National
Health
Insurance**

National Health Insurance Benefits

When you get sick or injured, you can receive the following medical care for only a part of the medical costs by presenting your NHI card at the reception of medical institutions:

- Medical consultation
- Medical treatment
- Medication, injections, and other treatments
- Hospitalization and nursing (excluding meals while hospitalized)
- Home care (home-visit by a regular doctor) and nursing
- Home-visit nursing (if a doctor judges it necessary)

You are still able to receive NHI benefits when you are injured due to an act by a third party, such as a traffic accident. However, if you receive medical expenses from the person who caused the accident or settle it out of court, you may not receive NHI benefits. If you sustain damage, be sure to consult the NHI office.

In the circumstances described below, you will be required to bear the full amount temporarily, but after an application is made at the NHI counter and a decision is made through screening, you may be reimbursed for the amount excluding your co-payment.

- 1) Medical treatment you received without your NHI card because of an unforeseeable accident or illness
- 2) Cost of a corset or other prosthetic devices (applicable only if a doctor presents a diagnosis as necessary)
- 3) Treatment for a broken bone or sprain received from a Judo Therapist who does not accept NHI

- 4) Cost of blood from a blood transfusion used in a surgical operation, etc. (applicable only if a doctor presents a diagnosis as necessary)
- 5) Cost of acupuncture, moxibustion, massage, and other treatment (applicable only if a doctor presents a diagnosis as necessary)
- 6) Medical treatment you received while you were traveling overseas (excluding travel for treatment purpose)

7-2 Keio Student Health Care Mutual Aid Association (*Gakuseikenpo*)

The Keio Student Health Care Mutual Aid Association (hereafter "*Gakuseikenpo*") is a mutual aid organization established with the aim of supporting student life from a health perspective.

The *Gakuseikenpo* will reimburse a portion of the co-payment of a member's medical expenses when they receive treatment at a medical institution upon presenting a health insurance card.

Regular undergraduate and graduate students at Keio University are eligible to apply for a partial reimbursement of medical expenses.

All types of treatment (hospitalization, outpatient treatment, treatment at a pharmacy, and treatment at a clinic) within the same month are combined and considered as a single instance of co-payment.

The application must be completed online.

Dental treatments are not covered by the medical care benefit system (excluding oral and maxillofacial surgery).

Amount borne by patient: 2,000 JPY instance of co-payment.

Reimbursement limit: 50,000 JPY per application. 150,000 JPY per person per year.

For more information, please access the link for the guidebook on the right column.

Please Note: Japanese Language Program students, Keio International Program students, research students, and other non-degree students are not members of the Keio Student Health Care Mutual Aid Association, and are therefore not eligible for this insurance coverage.

7-3 Personal Accident Insurance for Students Pursuing Education and Research ("*Gakkensai*") / Liability Insurance coupled with "*Gakkensai*" ("*Gakkenbai*")

学生教育研究災害傷害

保険（学研災）

（*Gakkensai*）

Personal Accident

Insurance for Students

Pursuing Education and

Research

Keio University is a member of Japan Educational Exchanges and Services (JEES), and through it, Keio SFC pays for "Personal Accident Insurance for Students Pursuing Education and Research," and "Liability Insurance coupled with *Gakkensai*" insurance plans that cover students who suffer physical injury from an unexpected accident or bear legal liability for damages arising from inflicting injuries to third parties in the course of their educational and research activities.

This insurance is for regular undergraduate and graduate students, research students, short-term international students (MEXT scholarship students and designated exchange students only), Japanese Language Program students, and Keio International Program students.

"Educational and research activities" means regular curricular activities on- and off-campus, participation in university events, and extracurricular activities (advance submission of "Notification of Off-campus Student Activities" to the university is required for off-campus activities).

Accidents that occur on the way between a student's residence and the university, or while traveling between university facilities, are also covered.

However, cases related to "illness" are not covered by this insurance. In addition, depending on the number of hospital visits it takes to recover, you may not qualify for this insurance.

Making an Insurance Claim Following an Accident

1. Notify the Student Life Section at SFC in the Alpha Building, of the accident: After contacting the Student Life Section, the student must fill in and submit an accident notification.

*The student must submit the notification within thirty days of the accident to the Claims Service Division of Tokio Marine Nichido (property/casualty insurance company) using one of the following methods:

Student Liability Insurance

学研災付帯賠償責任
保険 (*Gakkenbai*)

Student Liability Insurance is supplementary to *Gakkensai*. It offers coverage against injuries caused to a third party or damages made to property of another person.

(1) Accident Notification System

【PC/Smartphone】 (Only available in Japanese)

【Cell Phone】 (Only available in Japanese)

(2) FAX 03-3285-0105

The fax form can be downloaded from the URL below. (Only available in Japanese)

(3) Accident Notification Card

Please collect the card from the Student Life Section at SFC.

{Treatment and after completion of treatment}

2. Completion of insurance claim request: The student obtains and completes the required items on an "Insurance Claim Request" form from the Student Life Section at SFC and obtains the university seal on the form. A medical certificate from a physician may be required, depending on the amount requested in the insurance claim.

3. The student sends the form to the insurance company.

4. Receipt of payment of insurance claim: The insurance company deposits payment of the insurance claim in a designated bank account.

Submission of "Notification of Off-campus Student Activities"

"Notification of Off-campus Student Activities" must be submitted for an activity to be recognized as an activity for which the university has received notification. For activities taking place in non-university facilities, the student must submit this form at least 4 days prior to the activity. Please apply via the Keio.jp portal.

This website offers a search system for medical institutions in multiple languages.

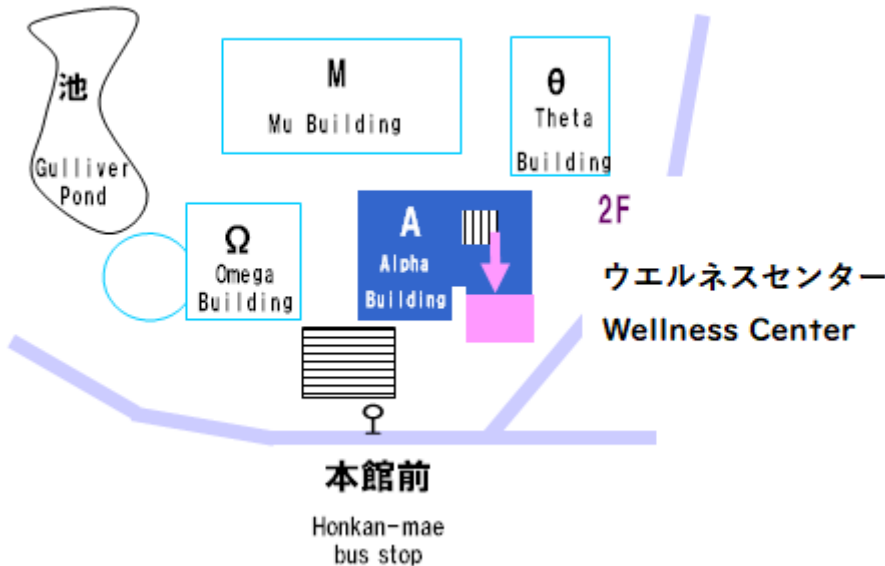

7-5 Medical Treatment on Campus

Wellness Center (weekdays, 9:00–17:30)

Students at SFC may receive medical treatment and counseling at the Wellness Center located on the second floor of the Alpha building.

Wellness Center

Ext 52201 or 52207
or 0466-49-3411

The Wellness Center was established to improve the physical and mental health of students, faculty members, and the administrative staff at Keio University SFC. It is equipped to handle temporary conditions like colds and coughs as well as chronic conditions like hypertension. Physicians, nurses, and public health nurses are available for examination, medication, and treatment (including first aid). Counseling on academic, career, personal, and social issues is also available.

Contact the Wellness Center at extension 52201 or 52207, or 0466-49-3411).

Medical consultation and counseling are available in English.

Shonan Fujisawa Clinic (weekdays)

Medical checkup is available during Mondays and Fridays.

Shonan Fujisawa Clinic is located inside the Wellness Center.

SFC Clinic

<http://www.hcc.keio.ac.jp/en/clinic/sfc-schedule.html>

Student Counseling Room

At the Wellness Center, experienced clinical psychologists are available for counseling services for students. This service is a valuable resource at SFC to promote better mental well-being, a fulfilling university life, and personal development. Do not hesitate to seek their support. Feel free to consult on anything that relates to student life, including your studies, relationships, career, and future plans.

gakuseisoudan@
sfc.keio.ac.jp

0466-49-3411

English-speaking counselors are available. We strictly protect the confidentiality of information shared during counseling sessions. Without your consent, we will not disclose to other people any private information that you share. This includes your family, friends, or faculty members. The information shared during the session will in no way affect your academic record.

Please inquire at the Wellness Center. You can also make an appointment by phone or email.

Payment

If you receive medical treatment at one of Keio's clinics, half of the cost of treatment and medication will be paid by the Keio Student Health Care Mutual Aid Association. You are responsible for the remaining amount.

- Research Students, JLP Students, KIP Students, and Short-term International Students will be required to pay all medical fees.
- The counseling service will be offered free of charge.

Security Staff

extension 52190 or
52191 or
0466-47-5114

During Night Time, Holidays, and Outside of Wellness Center Office Hours

Call the Security (extension 52190 or 52191, or 0466-47-5114). Security staff will handle the following procedures; make calls for the ambulance, lead the ambulance to where the patient is located, check and keep a record of the patient's ID, call the police if necessary, and provide basic first-aid.

Annual Health Checkup

Every year the Health Center/Clinic carries out annual health checkups free of charge. The date of your checkup will depend on your faculty or graduate school, year, and gender. Please check the date on the Keio University Students Website. Please note that you can only take this health checkup on the designated date.

Students taking the checkup can print out a Certificate of Annual Health Examination from the certificate issuing machines (300 JPY per copy) throughout the academic year.

婦人科(*fujinka*)
obstetrics and
gynecology department

Which Institution to Visit

Medical institutions in Japan are divided into:

Large hospitals

- University-affiliated hospitals
- Public hospitals operated by prefecture or city
- Large private hospitals

Small clinics

- Local clinics

Large hospitals are equipped with hospitalization facilities and checkup tools. National and public hospitals maintain high level medical systems for each of their specialized medical departments. At hospitals with up to 200 beds or more, patients may be charged extra fees (2,500 JPY-5,000 JPY) unless they visit with a referral by a doctor. Also, walk-in patients usually have to wait quite a long time (almost a full day) before being able to see a doctor.

Small clinics are medical institutions with hospitalization facilities of 19 beds or fewer. Many of them have no hospitalization facilities at all. They are suitable for minor conditions.

It is advised to visit a clinic (doctor's office) first and further receive specialized treatment at a large hospital upon necessity.

Which Department to Choose

If you have an idea of what is wrong, you can select the specialist clinic that is best suited to your needs. However, most people will go to a general clinic for what's called "Internal Medicine" (内科/*naika*), which acts kind of like a General Practitioner.

Contact Lenses/Prescription Glasses

You can buy prescription glasses without visiting an eye doctor. Most glasses shops give you a free eye examination.

However, shops do not sell you contact lenses without a prescription issued by an ophthalmologist. When you buy disposable contact lenses, you need to visit an ophthalmologist every 3 months to renew the prescription. It applies to online shopping as well.

HIV Testing and HIV/AIDS Counseling

In Japan, some public health centers nationwide offer free, anonymous HIV testing and counseling.

Languages

Outside of Tokyo, it might be difficult to find hospitals/clinics with English-speaking staff. It is recommended to go with a person who speaks Japanese for communication support. If your illness is not urgent or serious, you can ask a university staff from the Office of International Affairs at SFC for assistance.

Most doctors usually can read/write English, so bringing notes about your own medical information in English might help.

Multilingual Medical Questionnaire

The website on the right column was produced by the Specified Nonprofit Corporation to help people from overseas explain the condition of injuries and symptoms of illness to doctors and other medical personnel.

HIV Testing and HIV/AIDS Counseling Map

処方箋薬局(*shohosen yakkyoku*)
prescription
pharmacies

You can use your My Number Card as your insurance card. Some hospitals and pharmacies accept My Number Cards as insurance cards. You must register via the Internet (at Myna Portal) before using this service.

Examination Procedure

① Make an appointment

If you go and see a doctor without an appointment, you may have to wait for a long period of time. Some small clinics don't take reservations and see patients on a first-come-first-served basis. Please try to arrive at least 10 minutes before their opening time to reduce your waiting time.

Usually, opening hours are 9:00-11:30 / 15:00-17:30.

Hand in your national health insurance card and your note at the receptionist. Some clinics refuse examinations without an insurance card. While they are taking a photocopy of your health insurance card, you are requested to fill in their medical questionnaire.

② When your name or number has been called, go into the examination room to see the doctor.

③ You may be asked to take extra tests such as X-ray, blood analysis, urine analysis, or/and ECG (electro-cardiogram) per doctors' instructions.

④ After the doctor has examined your condition, you will return to the waiting room to be called for the payment. Most small clinics only take cash.

⑤ When you settle your bill at the cashier (usually at the same reception desk), you will receive a patient's card (*shinsatsu ken*) and a prescription (*shohosen*).

A patient's card is used as a membership card and it helps clinics find your medical record at your next visit.

*A few clinics have in-house prescription systems. At those clinics, you will receive your medicine after your payment.

⑥ Take your prescription to a designated pharmacy or a drugstore to receive your medicine. You will need to pay for the medicine separately. Please be aware that prescriptions are normally valid only for 3 to 4 days after issuance.

Medication

At the pharmacy/drug store, you may be asked if you prefer generic drugs (後発医薬品 *kohatsu iyakuhin*), which are interchangeable with the original proprietary drugs. As they both have the same active pharmaceutical ingredients, dosage forms, strength, quality, indications, effects, directions, and dosage. Generic drugs are usually less expensive than the original drugs because the developmental cost is lower.

後発医薬品・ジェネリック
(*kohatsu iyaku hin*)
generic drugs

Doctors will usually prescribe medicine which is covered by your insurance and with which local pharmacies are supplied. You may find yourself going home with a bag full of medications just for three days. If the doctor does not explain the efficacy of each medicine do not be afraid to ask for clarification about the medication and what it is for.

Over-the-Counter Medicine (OTC)

You can buy non-prescription medicine at drugstores from pharmacists without visiting hospitals/clinics. If you experience a cold, headache, stomach issues, or get wounded, OTC (over-the-counter) medicine can be purchased at drugstores or large supermarkets.

7-7 Medical Institutions Nearby for International Students

Fujisawa Zengyo Family Clinic

<https://www.fzfc.jp/>

The following hospitals/clinics near SFC offer treatment in languages other than Japanese.

Fujisawa Zengyo Family Clinic

Mental Health

Many aspects of university life have the potential to cause stress, including adjusting to a new living environment, fulfilling academic requirements, developing friendships, and preparing for and taking exams.

If you feel persistently unhappy or that you can no longer cope with the stress caused by everyday life, talking to someone such as a friend, counselor, staff, or faculty member about your anxiety may help you feel relieved.

Whether about academics or your future, regarding relationships with family, friends or significant others, or concerning anxieties of a general nature, please feel free to visit the Wellness Center Student Counseling Room. Counselors there will listen to your problems regarding any aspect of your student life and strict confidentiality will be maintained. For more information on appointments and inquiries, please contact the Wellness Center.

List of Helplines

If you wish to talk to someone outside of university or need someone to talk outside of office hours, please do not hesitate to use one of the services below;

Japan Helpline

Japan Helpline is Japan's 24-hour non-profit, nationwide emergency assistance service. Whether it is an earthquake, a toothache in the middle of the night, or you feel depressed, Japan Helpline offers a 24-hour, nationwide assistance service for the international community.

Tell Lifeline

Tell Lifeline is a free, confidential telephone counseling service, offering anonymous, non-judgmental, and caring support for teens, students, and adults in English.
