This profile must be no more than five pages total, including this cover page. It should include, in English or Japanese, the school's curriculum, students' standardized test scores, and a list of colleges/universities attended by graduates in the past three years. If any of the required information is unavailable, please indicate so. If the details appear in the school brochure or website, copies of the relevant pages may be attached, but the total number of pages must not exceed five. This form must be submitted by the school counselor via the Application System. If that is not possible, the applicant may submit it, but an original document will be required upon admission.
