The information on the KIC website is for reference only.
The latest version may be different.

REGARDING DIGITAL CURRENCY AND MINING TOOLS

- Digital currency mining is only allowed for educational purposes. Any currency mining intended for profit/commercial purposes are strictly prohibited.

- If you intend to use digital currency mining for educational purposes, research proposals are to be handed in prior to your research. Proposals will be submitted and approved by the faculty/staffs via your mentor.

BYOD

- Classes and research activities are conducted by BYOD in P.M., E.I. and GSMG.

- You have to bring a charger (AC adapter) as well as a PC, so please do not forget it.

- We DO NOT rent chargers (AC adapters).

- For more information, see the Keio University student website below.

  https://www.students.keio.ac.jp/en/sfc/pmei/class/byod/byod.html

- If you meet the conditions, such as in case of terminal failure, please use the PCs available for student rental at Shonan Fujisawa KIC.

  https://www.sfc.itc.keio.ac.jp/en/computer_rentalpc_sfc.html

SECURITY FOR YOUR PC, TABLETS AND ETC.

- Cases that personal devices infected by malware (malicious software) or virus outside the campus and bring into the campus are occurring frequently.

- If communications suspected as attacks toward off-campus occurred, those PCs or tablets may be shut out their communications or the connection to CNS may be restricted.   We may suspend your CNS account depending on the situation.

- SFC KIC collects traffic logs inside and outside SFC.

- If SFC KIC contacts you, please come to SFC KIC office as soon as possible.

- Please back up important data frequently in case of unexpected circumstances.

IT ENVIRONMENT AT KEIO UNIVERSITY

- **Information platform for helping education and research activities**

- **Administrated and Operated by KIC (Keio Information Technology Center)**
  - Each campus has different operation policy
